

# THOTH TECH

## INSPIRING DIGITAL TOOLS TO ENHANCE IT EDUCATION

Our mission is to build, operate and deploy world class education technologies. We are proud to create tools that enhance education outcomes by empowering students, connecting them with tutors and facilitating personalised learning experiences.

### DREAM BIG

The Dream Big application provides students with a personal progress path from enrollment to graduation.

### ONTRACK

The OnTrack application is open source and feedback oriented with visualizations that map every learning outcome.

### SPLASHKIT

SplashKit is a beginner's all purpose software toolkit. Using SplashKit the 2020 team created a 2D game to showcase.
